WHAT HEIGHT _____

ARE EXTRA MEN NEEDED? YES NO

IF YES - HOW MANY _____ CUSTOMER TO PROVIDE? YES NO

PLYWOOD NEEDED? YES NO (Do we have to go over any grass or gravel?)

Dear customer,

A normal delivery consists of two men; they are not capable of delivering a spa over railing or up more than 5 steps or 40" high. If extra men are needed we can provide them at an extra cost to you; which will need to be determined.

WE DO NOT DO ANY ELECTRICAL WORK OF ANY KIND!

We do not remove any old spas from your premises, or remove any in ground spas.

Our deliverymen do a brief demonstration, but do not fill up spa unless prior authorization has been attained.
